### BABY BOY IS BURIED

American Fork, Oct. 20.—Funeral services were held this afternoon from the family residence for the baby boy of Mr. and Mrs. J. L. Firmage, whose death occurred Saturday.

Bishop W. B. Smith conducted the services. W. B. Smith and Clifford Young were the speakers. Members of the Fourth ward choir furnished the music. Interment was in the City cemetery.

## NO TRACE OF HOLDUPS FOUND

Posses, Headed by Sheriff and Detectives After Men Who Robbed Station.

Littleton, Colo., Oct. 21.—Posses headed by Sheriff J. W. McBroom of Arapahoe county and Detectives Cole and Maxwell of the Denver police force had found no trace early today of the two masked bandits who last night held up Station Agent Ray Foy of the Atchison, Topeka and Santa Fe railroad, rifled a mail sack, attempted to dynamite the station safe and escaped. So far as known they secured only \$7 from the cash drawer at the station. Postmaster E. H. Albertson stated that the mail sack contained nothing of value. Posses continued the search today.

When the robbers entered the station they immediately thrust two revolvers against Agent Foy's body and commanded him to submit to being bound and gagged. Foy complied and on the floor watching the men plunder the station. The bandits threatened him with death, he says, unless he divulged the combination of the office safe. Foy finally convinced them, he told the police, that he did not know the combination and the robbers departed after having administered a severe beating to their victim.

Foy released himself shortly afterwards and went to the Denver and Rio Grande railway nearby and notified the authorities of the robbery.

## FARMHANDS MURDER A WEALTHY RECLUSE

Harper, Kan., Oct. 21.—Eli Girard, a farm hand, 21 years old, confessed yesterday, according to Donald Muir, county attorney, that his brother, Peter Girard, Frank J. Morrison and himself murdered Charles Johnston, a wealthy recluse, in 1909, for the purpose of robbery. They secured no money, according to Girard, who had previously served a term in the Kansas reformatory for robbing Johnston of \$1600.

The Girards are under arrest here and an officer went to McCombs, Ill., to get Marion, who is detained there. During a search of the home after the robbery, police found \$2000 buried in jugs, cans and bottles. The murderers had overlooked it.

## AMERICAN TARIFF AROUSES ANGER

St. Petersburg, Oct. 21.—The Novo Vremya demands that the government impose a prohibitive tariff on all American products imported into Russia as a reprisal for the American tariff regulations imposing 5 per cent on goods from countries where no treaty exists.

In an angry article the Novo Vremya declares: "America has sacrificed its old friends, France and Russia, to the Jewish magnates under whom the American people have bowed their heads."

## HUERTA INCREASES IMPORT DUTIES

Mexico City, Oct. 21.—An increase of 50 per cent in practically all import duties will become effective October 28 by virtue of a decree by President Huerta just published. Merchants and importers are making every effort to utilize the few remaining days to their advantage. Consumers are concerned over the prospect of a further advance in the already high prices prevailing.

## CRAIG ELECTED TO SUPREME BENCH

Peoria, Ill., Oct. 21.—In a fiercely contested judicial election Charles C. Craig, Democrat of Galesburg was elected yesterday to the Illinois supreme bench to succeed Judge John P. Hand by a majority of 3640 over Judge Leslie D. Paterbaugh, Republican. Arthur H. Shay, the Progressive candidate ran nearly 5000 votes behind the Republican candidate. A number of Chicago women prominent in the women's suffrage movement stumped the district in behalf of Shay. Among them were Mrs. Medill McCormick and Mrs. Sherman Booth. The campaign was marked by bitterness and exchanges of personalities.

## MEXICAN COFFEE INDUSTRY RUINED

San Diego, Cal., Oct. 21.—Dr. M. E. Shelton of Portland, Ore., manager of a coffee plantation near Orizaba, said yesterday concerning the ruin of the Mexican coffee industry by the war: "For three years our 35,000 acres of coffee has been going to waste because we have been unable to obtain labor. One can walk over thousands of acres on our plantation without touching the ground, because of the labor of coffee beans that covers it. When I left, hundreds of thousands of bushels of coffee beans were lying on the soil. The Mexican government has been recruiting in the state of

## PRINTING DIRECTOR LOYAL TO UNION

Manila, Oct. 21.—John S. Leech, director of printing for the Philippine islands, has resigned. In a statement he says that his resignation was requested after he had refused to divulge cablegrams of protest sent to Washington by members of the Manila Typographical union against a prospective salary cut by the legislature. Mr. Leech adds that he felt it his duty to remain loyal to the men's organization of which he is an honorary member. Moreover, he said he felt he must recognize the men's right of petition.

**CESSLER TO SUCCEED LEECH**  
Washington, Oct. 21.—Edward Gessler, craftsman instructor in the public printing office of the Philippines, has been appointed to serve temporarily as director of printing, to succeed John S. Leech, who resigned at the request of Governor General Harrison. James Hoggsette, assistant director, also has been removed.

Leech and Hoggsette ignored Governor General Harrison in sending to President Wilson and to the president of the Typographical union in the United States a protest against an alleged contemplated salary cut. Officials here say no such cut was contemplated.

## FIRST HEAVY SNOW STORM OF SEASON

Chicago, Oct. 21.—Chicago awoke this morning to witness the first heavy snow storm of the season, which at times was almost a blizzard. Light snow began falling last evening and continued all through the night, becoming heavier at daylight. Early this morning the mercury dropped below the freezing point.

Blinded by the storm, Charles Blake, 40 years old, a switchman, was run down by a freight train and instantly killed. Traffic on the surface and elevated roads was delayed by the blizzard and half a dozen persons were reported injured in accidents caused by the snow and ice.

## UNION PAINTERS RETURN TO WORK

Chicago, Oct. 21.—Four thousand union painters who have been on strike for two months, returned to work today. The union will pay a fine of \$2000 under protest to the building trades council and take an appeal to the American Federation of Labor.

## DISTINGUISHED MEN. PRINCETON VISITORS

Princeton, N. J., Oct. 21.—Lectures by foreign distinguished men in this country to participate in the dedication of Princeton's graduate college here tomorrow were continued today. The speakers were Dr. Arthur Denis Godley, fellow of Magdalen college and public orator at the University of Oxford, and Emile Boutroux, honorary professor in the University of Paris.

## MILLIONS DEPEND ON COURT DECISION

Washington, Oct. 21.—Millions of dollars for the federal government depends on the outcome of the corporation tax cases up for argument today before the supreme court. In the case of the Stratton Independence, limited, of Colorado, the court was called on to decide whether the sale price of mineral taken from a mine is income subject to the corporation tax or whether it is to be considered as invested capital, converted into cash.

## CUBAN CONGRESS REFUSES TO MEET

Havana, Oct. 21.—In consequence of the refusal of the Cuban congress to convene in extraordinary session to consider the presidential message urgently recommending a new foreign loan of \$15,000,000, President Marce Menocal today issued an appeal to the Cuban people, declaring that he may be compelled to have recourse to extraordinary measures in the event of continued obstinacy on the part of congress.

## AVIATORS BEGIN A LONG FLIGHT

Ishy-Les-Moulineaux, France, Oct. 21.—The longest aeroplane flight over attempted was started from here today by Pierre Dancourt. He was accompanied by another French aviator, Henry Roux, as a passenger. Dancourt departed on the way to Cairo, Egypt, a distance of 3348 miles. Stops are planned at Schaffhausen, Germany; Vienna; Buda Pest; Belgrade; Bucharest; Varna, on the Black Sea; Constantinople, and at various cities in Asia Minor, including Jerusalem. The flight is to be concluded by way of Port Said, and the Egyptian capital.

## ADMIRAL DIED FROM POISON

Medical Experts Find Arsenic—Self-Administered or by Widow to Be Proven.

Plymouth, Mass., Oct. 21.—Rear Admiral Joseph G. Eaton died from poison at least one dose of which was administered within six or eight hours of his death during which time, the testimony showed, he was unconscious.

This, the statement of medical experts, was the principal evidence introduced by the government in its efforts to support its charge that the admiral came to his death at the hands of his widow, Mrs. Jennie May Eaton, now on trial for her life. That Mrs. Eaton had many times said that she wished that her husband was dead, was the statement made on the witness stand yesterday by Henry M. Cates of Rock Island, who knew the family in 1910.

Mrs. Eaton still maintained, to a large extent, the composure which she has manifested during the proceedings. Occasionally during the medical testimony she bit her lips and again broke out in laughter at the testimony of acquaintances.

Testimony as to the finding of poison in the admiral's body and indications as to the time and manner of its giving, was given by Professors W. F. Whitney and William Balch of Harvard Medical school. These experts, retained by the government, had analyzed the contents of the organs removed from the body of the admiral. Sixteen grains of pure white arsenic were found and a greater amount probably was thrown off from the admiral's system before death, according to the testimony.

Both professors admitted under cross examination that the presence of a large quantity of arsenic has been accepted by experts as an indication that the poison was self-administered.

District Attorney Albert Barker in redirect examination brought out testimony to show that the poison might have been administered equally well by some other person. It is the contention of the government that poison was given the admiral in tea and other beverages by his widow.

The defense failed to secure any information of their contention that the

## The DOCTOR'S ADVICE

by Dr. Lewis Baker

The questions answered below are general in character; the symptoms or diseases are given and the answers should apply to any case of similar nature.

Those wishing further advice, free, may address Dr. Lewis Baker, College Building, College-Ellwood streets, Dayton, O., enclosing self-addressed, stamped envelope for reply. Full name and address must be given but only initials or fictitious name will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesalers.

"Morris" asks: "I have suffered with a chronic cough for almost a year, and catch a fresh cold every few weeks. Nothing the doctor gives me helps, so I write to you."

Answer: You need a thorough laxative cough syrup, one that not only relieves, but surely drives it from the system. The following regularly used will oust any curable cough or cold promptly: Obtain a 2½ oz. bottle of essence mentha-laxene, mix it with a home made sugar syrup or honey as per directions on bottle.

"Anxious B." writes: "I have in recent years been threatened with appendicitis, but would never consent to an operation. Indigestion, constipation and sedentary habits cause me much suffering. Kindly prescribe for dyspepsia something which you think will cure me and prevent appendicitis."

Answer: The most scientific and satisfying treatment for your trouble is tablets triopetine; packed pink, white and blue in sealed cartons with full directions. Most stomach disorders can be conquered by regular treatment.

"Nervous M." writes: "Loss of sleep, nervousness, loss of appetite and overwork has made almost a complete wreck of me. I have to work, but can scarcely drag one foot after the other. Please advise."

Answer: The condition you describe is prevalent, especially with brain workers. Use the following: Compound syrup hypophosphites, 5 oz.; tincture cadomene, 1 oz. Mix, shake well and take a teaspoonful before meals.

Farmer's Wife asks: "Will you please tell me how to overcome obesity?"

Answer: Obesity is burdensome. Excessive fat on the human body is unnatural and frequently results seriously. The best and safest method to reduce is to take regularly five-grain arbolone tablets. They are put up in sealed tubes with directions for home use, and any well stocked druggist can supply them.

"Sara C." writes: "I am constipated and have a greasy skin. Suffer from headache, indigestion and some kidney trouble. I wish you to recommend a remedy."

Answer: The best remedy to relieve and master chronic constipation is called three-grain, cream of tartar made from sulphur, cream of tartar and herb medicines. Taken regularly the blood is purified, the bowels and liver stimulated into healthy action and health established. They are packed in sealed tubes with full directions. These tablets are splendid for children, as they do not gripe or sicken.

"Mamma"—"I know of nothing better for bed-wetting than: 1 dram of tincture cubens, 2 drams of tincture rhus aromatic and 1 oz. comp. fluid balsamwort. Mix. The dose is 10 to 15 drops in water one hour before meals."—Advertisement.

## Editor Tells How D. D. D. Prescription Cured His Eczema

Clergyman and Banker Also Write How They Secured Relief, Thanks to D. D. D.

H. G. Hotchkiss, Editor Echo, Propheticist, Ill.: "Remember, mine was eczema of fifteen years standing. Now I am completely healed, after 4 bottles of D. D. D. I have seen a case of 25 years standing cured. I have seen my own doctor cured of barber's itch, which he could not cure himself."

F. R. Towner, Banker, Hopkinton, Ind.: "I treated my eczema with D. D. D. for six months. They did me no good; my face and scalp were full of the disease. I applied D. D. D. to my face in as smooth as a baby's face. I am now a baby's face. Rev. L. J. Downing, Pastor 5th Ave. Presbyterian Church, Roanoke, Va.: "For three years I suffered, intensely so. I have at last found relief in D. D. D. I am no longer tortured—completely cured. I have no hesitancy in acknowledging the great virtues of this specific."

The cures of D. D. D. are past belief. All druggists know and are glad to recommend this soothing, cooling liquid.

Come to us and we will tell you more about this remarkable remedy, and the efficient D. D. D. Skin Soap. We offer the first full size bottle on the guarantee that unless it cures as we said, your money will be refunded. You alone to judge.

Culley Drug Co.  
**D. D. D. Prescription—for 15 Years—the Standard Skin Remedy**

admiral used intoxicants freely and then resorted to drugs to overcome the after effects.

Henry M. Cates of Rock Island, a friend of the Eaton family, testified that Mrs. Eaton had expressed the wish at various times that the admiral was dead. She asked Cates, the witness continued, to come to the Eaton home and warned him "to be prepared to protect himself." Following this advice he carried a pistol, which, he said, he found no occasion to use. He testified that Mrs. Eaton had said, "Do not let the admiral get behind you," remarking that she thought the admiral "wasn't right in his head."

Thought Admiral Insane.  
Charles Hill, a neighbor of the Eatons in Assinippi, testified that he was told by Mrs. Eaton that she went to a doctor in an attempt to have the admiral declared insane.

"But," Mr. Hill said, "Mrs. Eaton told me that if anybody was crazy it was she."

Mr. Hill declared that he had never seen the admiral intoxicated or under the influence of drugs.

From M. S. Shurtleff of South Wymouth, a tradesman, came testimony that Mrs. Eaton had said that the admiral placed poison in food which she ate at a theatre party in 1910 in Boston.

Mr. Shurtleff added that Mrs. Eaton appeared to be so afraid that the admiral would poison the family food

that she had extra locks attached to the pantry door at their summer home in Wymouth.

Mrs. Eaton's Bad Temper.  
Miss Katherine Griffin of Boston testified that while employed as a bookkeeper in May, 1912, in the Eaton home, Mrs. Eaton had accused her of making the admiral sick, of taking advantage of him because he was crazy and of taking all his money.

"Mrs. Eaton has a bad temper," the witness concluded.

Assistant District Attorney Fred G. Catzmann stated that the government expected to rest its case Thursday.

**Catarrh Cannot be Cured**

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.
